

Introduction to the NAMA Facility

NAMA Facility

On behalf of

I - The NAMA Facility at a glance (1)

Aim

Support developing countries and emerging economies in implementing ambitious actions to mitigate greenhouse gas emissions (Nationally Appropriate Mitigation Actions, NAMAs). NAMAs can function as an important building block to implement Nationally Determined Contributions (NDCs) under the Paris Agreement.

Facts about the NAMA Facility

- Multi-donor fund established by Germany (BMUB) & UK (BEIS) in 2013
- Denmark (EFKM, MFA) and the European Commission joined in 2015 as additional donors
- Total funding made available through the NAMA Facility since its inception: ~ EUR 262 million.
- In 3 Calls, 14 projects have been selected so far for funding

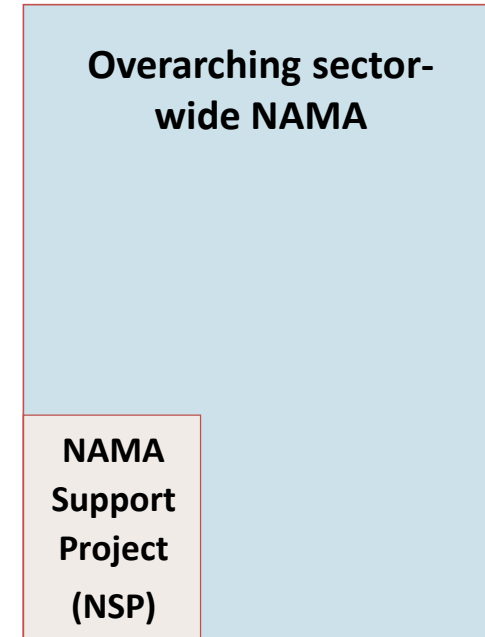

I - The NAMA Facility at a glance (2)

What the NAMA Facility does

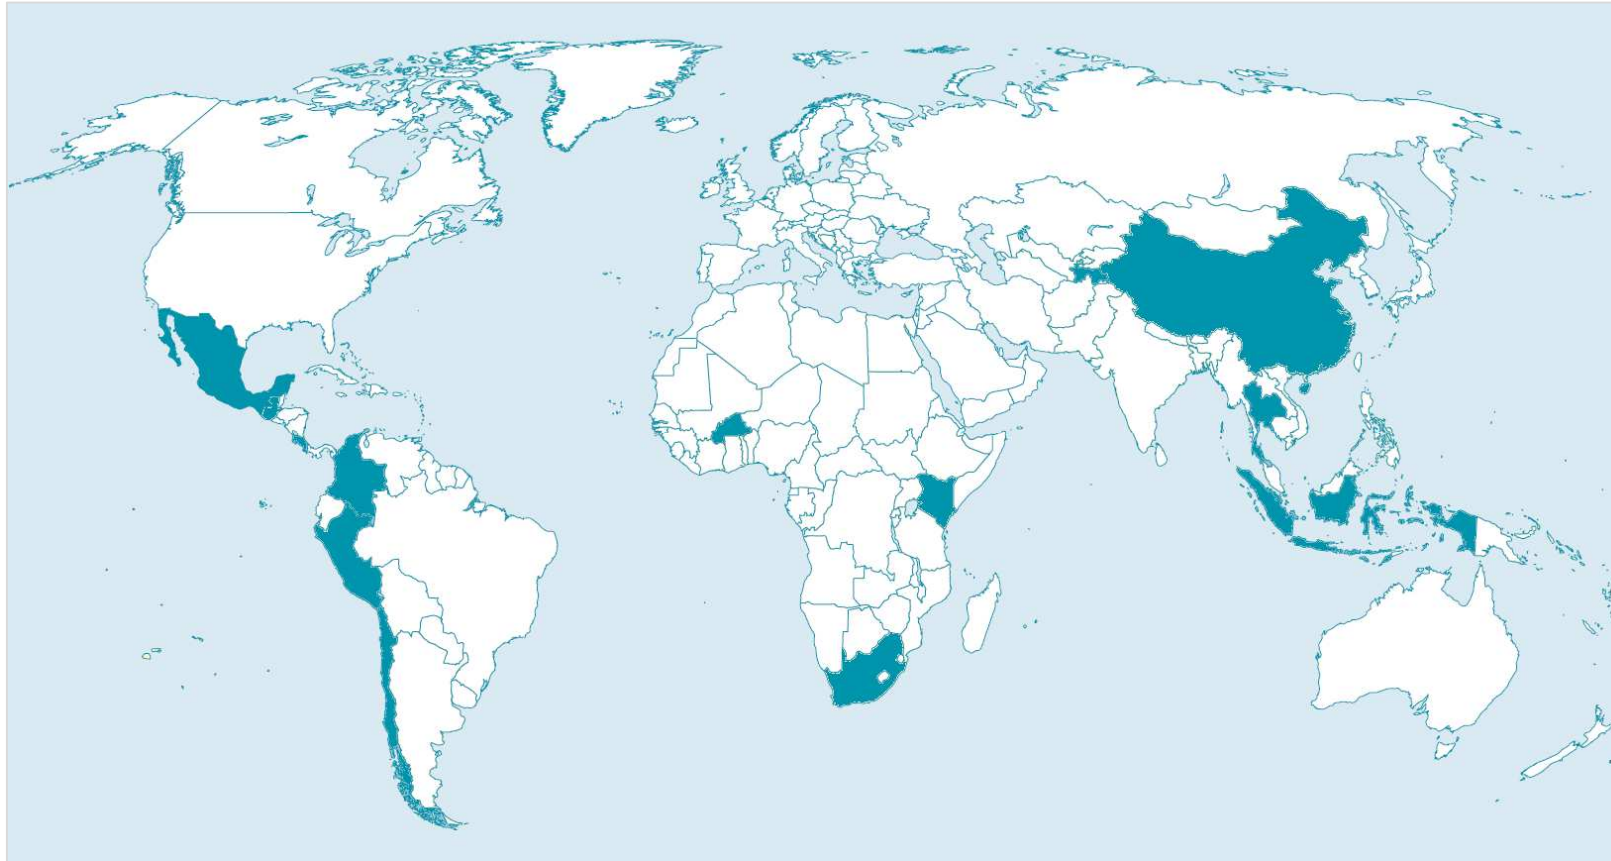

- Implement NAMA Support Projects (NSP) as the most ambitious part of the NAMA
- Provide funding for a combination of financial and technical measures
- selects NSPs in annual bidding round (Calls)
- Calls are open to applications from all sectors and regions

Key requirements for project selection

- Implementation readiness
- Mitigation potential
- Transformational change

II - NAMA Facility portfolio (1)

Africa: Burkina Faso, Kenya, South Africa

LATAM: Chile, Colombia (2), Costa Rica, Guatemala, Mexico, Peru

Asia: China, Indonesia, Tajikistan, Thailand

II - NAMA Facility portfolio (2)

Sector	Country	NAMA Support Project	Funding volume (Mio €)
Energy efficiency	Mexico	sustainable housing	14
	Thailand	refrigeration and air conditioning	15
	Colombia	domestic refrigeration	9
	Guatemala	efficient use of fuel in households and rural communities	11
	South Africa	energy efficiency in public buildings	19
Agriculture	Costa Rica	low-carbon coffee production	7
Transport	Indonesia	sustainable urban transport	14
	Colombia	transit oriented development NAMA	15
	Peru	sustainable urban transport	9
	Kenya	mass rapid transport system for Nairobi	20
Renewable energy	Chile	self-supply with renewable energy	15
	Burkina Faso	biomass energy	14
Forestry	Tajikistan	sustainable forestry	13
Waste	China	integrated waste management	8

III - 4th Call of the NAMA Facility – first results (1)

- Impressive outcome on 4th Call: A total of 75 NAMA Support Projects were proposed to the NAMA Facility.
- 11 Outlines were selected by the donors of the NAMA Facility to be further assessed as part of on-site missions
- The decision on the selection of Outlines to receive funding for a Detailed Preparation Phase (DPP) is expected to be taken in **spring 2017**.
- The number of submissions indicates a high interest of countries in NAMA implementation and reflect the impetus deriving from the Paris Agreement.
- Many national governments directly refer to the Paris Agreement or their Nationally Determined Contributions in their endorsement letters.
